  - b) All other divisions: 10-10-12
  - c) There are no Time Outs or Overtime in Round Robin play.
- 18) The overall standings in round robin play will be determined by using the traditional 2-point system: 2 points for winning a game, 1 point for tying a game, and 0 points for a loss. Teams advance based on the total number of points accumulated after their round robin games.
- 19) **Tie-break Rules:** In the event of a tie in points between two or more teams at the end of round robin play, the following tie breaking criteria will be used to determine who advances, in descending order down the list until all ties are broken as follows:
  - a) Most games won.
  - b) Winner of the game between tied teams (applicable only in two-way ties).
  - c) Highest goal differential - total goals scored minus total goals against. For the purposes of calculating this sub rule, **the maximum goal differential in any round robin game will be four (4)**. For example, if Team A has 7 goals and Team B has 2, for the purposes of calculating the goal differential for this sub rule, Team A will be allotted 6 goals and Team B will be allotted 2 goals for that game.
